Sanitary Sunlit Feathers.

The name almost expresses the good point about these feathers. Since we adopted our present process of treating feathers we have never had a complaint of that damp musty odor that has made the buying of feathers more or less a trial. REMAKING MATTRESSES.

A mattress should be made over once every two years. The fine dust that works in through the ticking and into the hair and the natural compression of the hair takes all the elasticity out of the best mattress in that time. The fact that we conduct the most successful mattress factory in the city is conclusive evidence of the satisfaction the work we do gives. Consult us about mattress making or mattress remaking.

10% to 25% reductions on every piece of furniture in the house except office furniture during this March sale.

CHRONIC. COUGHS

OFTEN ARE THE BE-GINNING OF CON-SUMPTION.

Stop Your Cough and Avoid Future Trouble.

WE WILL GUARANTEE THAT WE CAN DO IT FOR YOU.

Our Vinol is the Remedy for All Pulmonary Affections.

Vinol is a preparation that is delicious to take. It consists of a delicate table wine in which has been dissolved the active curative principles that are found in the liver of the live cod, and to which cod-liver oil owes its reputation as a remedy for coughs, colds and all wasting diseases.

If there is any one who has a cough, a tendency to take cold easily, or a dread of consumption, we would lik- to have them call and permit us to explain what we know about Vinol and why we believe it will cure all such troubles more surely and quickly than any other remedy ever given to the

Following is a letter which has just come to hand, and which shows how beneficially Vinol acted

"I had a severe cough of long standing. I was advised by friends to give your Vinol a trial, which I did. Before taking it I had tried many other remedies for coughs without obtaining any relief. With Vinol it was different. I have now used four bottles of it, and am pleased to say my cough has almost entirely left me. I have been decidedly benefited by its use in every way. Very truly yours," H. E. SMALL, Boston, Mass. Vinol acts beneficially upon the digestive organs, enabling them to obtain for themselves the elements from which are made firm, healthy flesh tissue, sound muscle, strong bone structure and pure

We recommend Vinol unreservedly.

If you will call on us at our store we will tell you why we have such faith in this new wine of cod-liver

We guarantee that if you suffer from any symptoms that indicate troubles for which we know Vinol is intended we will refund to you your money if you don't find Vinol helps

RESULT OF DOMESTIC ROW

WILLIAM SULLIVAN THE VICTIM OF SERIOUS ASSAULT.

Patrick Farrell and Sullivan's Wife Accused of Beating Him-Other Charges.

Patrick Farrell and Bridget Sullivan were today charged in the Police Court before Judge Scott with assaulting William Sullivan, husband of the woman accused. Farrell was committed to jail for nine months in default of payment of a fine of \$40. The charge against Mrs. Sullivan was dismissed.

Upon taking the stand Bullivan presented a terrible appearance. His face and head were a mass of cuts and bruises and both eyes were frightfully discolored. He informed the court, however, that he did not wish to prosecute either of his alleged assailants. Prosecutor Mullowny asked Sullivan a number of questions as to how he got hurt, but to each he replied that he knew nothing.

Officer Bremmerman testified that about 4 o'clock yesterday afternoon he and Officer McDonald received information that a fight was in progress at No. 714 Irving street northwest. They hurried to the place and there found Sullivan lying on the floor, his wife holding him down by his legs and Farrell stamping him in the face with the heel of his shoe. The walls of the room were spattered with blood and there were also pools of blood on the floor. Farrell and Mrs. Sullivan were taken into custody. The former was sent to the eighth precinct station and the latter to the house of detention. Sullivan was removed to the Emergency Hospital, where his wounds were attended to.
Officer McDonald corroborated the fore-

going statement.
Farrell denied stamping Sullivan with the heel of his boot and said he struck the in-jured man with his fist a number of times, but not until after Sullivan had threatened his life. He was unable to explain, how-ever, why Sullivan threatened him. Mrs. Sullivan denied the accusation that she as-sisted in any manner in the assault on her husband. Later William Sullivan and his wife,

Bridget, were arraigned in the same tri-bunal on the charge of keeping a disorderly house. Sullivan asserted that he was re-sponsible for whatever disorder occurred in the place, of which he admitted there was an abundance, and Judge Scott fined him \$40, with sixty days in jail in default. Mrs. Sullivan was next charged with being an unfit person to care for her sevenyear-old boy. The hearing in this case was postponed until tomorrow and the child vas sent to the house of detention to await

further proceedings.

James Ryan, an old pensioner, who was found drunk in the Sullivan home, was tried before Judge Kimball on that charge and sent to the workhouse for thirty days.

HOW TO LISTEN TO MUSIC. Mr. H. E. Krehbiel's Interesting Lec-

ture Before the Choral Society. The members of the Choral Society were last evening treated to a decidedly interesting novelty in the lecture of Mr. H. E. Krehbiel, musical editor of the New York Tribune, who spoke to them on the subject "How to Listen to Masic." The learned musicians and vocalists a composing the organization were formed into a kindergarten class of hearers, and all listened to Mr. Krehbiel's entertaining and instructive talk with the same eagerness and enthuslasm that the little child evinces in making its first educational strides. The audience, which completely filled the First Congregational Church, was in thorough sympathy with the lecturer, and keenly appreciated all that he said. The lecture was pointed with fine humor and amusing anecdotes. The piano illustrations were rendered by Mrs. William B. King and the

wocal illustrations by Mrs. Krehbiel. Mr. Krehbiel told of the beauties of music and the simple manner in which the commonly termed difficult symphonies and sonatas might be thoroughly enjoyed. Music, he declared, is the only art which has created a cult of ignorance. There are even those who boast that while they enjoy this selection and that, they know nothing of real music. These very people are the first to criticise. Because they know nothing, he declared, they want to tell all about it. The intelligent person would think it absolutely absurd to look upon a painting or a landscape and an hour later not to be able to tell what it was about. Yet people would go to a concert and come away without being able to point out wherein their en-joyment rested. The color-blind person is more fitted for an Alpine journey, he declared, than the average person for a con-cert of real music. The listener must ex-ercise the sense of hearing intelligently, and to do this must have some knowledge of the elements of music—melody, rhythm of the elements of music—melody, rhythm and harmony. Mr. Krehbiel then analyzed a simple melody, a creole folk lore song, which was played by Mrs. King. He showed that the whole theme consisted simply of seven notes repeated in different keys, with the addition of a coda. That little song, Mr. Krehbiel declared, is built upon precisely the same principles as the upon precisely the same principles as the symphonies. To enjoy such compositions it is only necessary to remember a few notes and to follow and recognize these through the four movements. In Beet-hoven's fifth symphony in C minor, which

was played, it was shown that only four notes need be remembered. The lecturer urged his hearers to always exercise the fancy and the imagination in listening to music. He told them to learn to appreciate the poetic feeling and the thought involved in the composition. Familiarity with good music, he said, breeds higher admiration. The lecture was along these interesting lines throughout, and was enthusiastically enjoyed.

AFFAIRS IN GEORGETOWN. General and Personal News Gathered West of Rock Creek.

A meeting of Masons was held last evening at St. Alban's Hall, Tenleytown, for the purpose of organizing a lodge. There were thirty master Masons present. The committee appointed at a prior meeting made favorable reports, and it was decided to organize the lodge, the name to be decided upon later. Temporary officers were selected, and another meeting will be held some time next week, at which the elec-tion will be held. The promise of several organizations has been secured toward subscribing to stock which it is proposed to issue, the purpose of which is to raise suf-ficient funds to erect a suitable hall for the

new lodge. Elliott Moran, aged about fifteen, a first year student at the Western High School, was practicing in the gymnasium of the school yesterday afternoon about 1:30 o'clock and suffered a fracture of the wrist. Under the direction of the instructor, Mr. Loveless, Moran was "jumping the horse," and in making a necessary turn for the practice his hand became caught in some manner, throwing him to the floor and breaking the bone. A physician was sum-moned and rendered surgical aid, after which the boy went home, accompanied by

The Nonparell Pleasure Club gave an apron and necktie dance last evening at Baer's Hall, corner of 31st and M streets, which was well attended. In the drawing for partners Mr. George Beamer secured the well-made duminy figure of Maude Adams, creating considerable merriment. The dancing continued until near midnight. The dancing continued until near midnight. Among those present; were Miss B. Hazel, Miss Bannister, Miss Williams, Miss Walsh, Miss Shannon, Miss Fitzpatrick, Mr. and Mrs. Joseph Weifner, Miss Athey, Miss M. Gladmon, Miss E. Gladmon, the Misses Upperman, the Misses Keys, Miss Leonard, Miss Campbell, Miss O'Brien, Miss J. Donnelly, Miss Foley, Miss Gaven, Mr. and Mrs. John Rittue, Mrs. S. Tavenner, Messrs. Graffon Duvall. Charles Allen. Torsey. Grafton Duvall, Charles Allen, Torsey, Chester, Holloran, Gosnell, McDonald, Brigham, Trundle, Hazel, James Conley, Foley, Murphy, Dr. Bismarck Koester, Farrinton,

Murphy, Dr. Bismarck Koester, Farrinton, A. Chaney, W. Bilncoe, O'Day, Athey, Sebastian, James Cole, John Donovan, G. Daw and L. Moxley.

Edward S. Houly was arrested last night shortly after 10 o'clock by Policeman Edwards of the bridge force and charged with assaulting John J. Monoghan. From the story given to the police a crowd of soldiers, of which Houly formed one, severely beat Monoghan, who is a civilian, the fight taking place on the Aqueduct bridge, a short time before the arrest was made. The other soldiers succeeded in escaping.

RECOMMENDS A METER.

Reasons Assigned for Cutting Off Water Supply From Premises. Mr. O. M. Bryant invited the attention of the District Commissioners several days ago to the fact that the water had been turned off in premises of one of his tenants at 424 New Jersey avenue, although the water rent had been paid. The matter was referred to the water department, from which a report has come to the effect that a six-horse-power gas engine was found in use on the premises in question, and that the matter having been brought to the attention of the department, a bill for \$24, made out according to the schedule of water rates, was sent, and upon failure to pay it the water was cut off. But pending a settlement of the case the supply

was restored. The schedule of rates stipulates a charge of \$4 per horse power for gas engines, and t matters not, the water department states, whether much or little water is used. The only way, it claims, to determine the exact amount consumed is by meter measurements, and as the premises in question, as now rated, come within the category of places requiring meters, it is recommended by the water department that an order to meter the premises served be allowed to

stand. The Engineer Commissioner, Capt. Beach, who has immediate supervision of the water department, has approved the rec-ommendation and forwarded the papers in the case to his associates.

Ordered by Commissioners. The following orders have been issued by he District Commissioners: That the compensation of R. L. Burke

clerk in the water department, be fixed at \$3 per day, to take effect April 1, 1901. That curb be reset and cement sidewalk aid on the south side of N street northwest, from 17th street to 18th street, at an estimated cost of \$2,500, to be assessed against all lots in square 159, abutting on said N street between the limits named, work to be done under the assessment sys-

That I street southwest between 1st street and Delaware avenue be improved with cobble gutters and macadam surface. at an estimated cost of \$325, chargeable to the current appropriation for repairs to streets, etc.

That curb be set around parking on the

north side of the south roadway of Pennsylvania avenue southeast between 11th and 13th streets, at an estimated cost of \$500, chargeable to the current appropriaeast section.

That sewer be laid at the intersection of 3d and Quincy streets northeast, at an estimated cost of \$290, chargeable to the current appropriation for suburban sewers. That 14th street northeast, from F street to Maryland avenue, be repaired at an estimated cost of \$880, with macadam from the District quarry, to be furnished and hauled under contract; total cost, \$2,389, charge-able to the current appropriation for repairs to streets, etc.

Recommends Denial of Request. The District computing engineer, Mr. C. B. Hunt, has recommended that the Comrissioners deny the request of Anna E. Brown of 2727 N street, who desires the cancellation of assessment for curb in front of lot 152, square 66. It appears that the original assessment was cancelled by order of court, July 7, 1896, because of lack of proper notice, but was reassessed within ninety days, under the act of April 24 1896. The complainant declares that curb as good as that set in front of her property was removed, while Mr. Hunt asserts that the removed curb was unfit for use, and was replaced by standard 6x20 granite curb. He therefore sees no reason why the assessment should be cuncelled, and it is expected that his views will be adopted by the Commissioners.

Boy Will Recover.

Wallace Milstead, the little boy who fell from a tree near Benning Saturday, and was injured, is white and not colored, as was stated when the accident was reported to the police department Monday. The boy was seriously injured, but he is much bet-

WITHOUT AUTHORITY.

Attorney Advises Against Granting a Request. The attorney for the District, Mr. A. B. Duvall, has advised the Commissioners to deny the request of the Real Estate Title Insurance Company that David M. Hess be allowed to pay part of the water main assessment against the south 129:50 feet of lot 266, square 1300, and 40 feet of lot 285, same square.

The water main assessment against lot 285, says Mr. Duvall, was levied August 25, 1894, and against lot 266 May 15, 1899. Mr. Hess is the owner of four feet of the 129.50 feet of lot 266 and of twenty feet of the forty feet of lot 285, and desires to make this payment in order to release his part of these lots, the owner of the remaining parts being unwilling to unite
with him in the payment of the entire tax. After reciting the law, Mr. Duvall says he is of the opinion that the assessment is an entirety, and that in the absence of statutory provision enabling them so to do the Commissioners are without authority to receive part of the assessment and release part of the lot upon which the tax has been

Three Cases of Smallpox.

Three patients afflicted with smallpox have been placed in the hospital, all being colored men. Two of them, Granville White and Charles Davis, were removed from Freedmen's Hospital, where they are be-lived to have contracted the disease from Frank Rawls, who was taken to the smallpox hospital from there about ten days ago. The other patient was Arcourt southeast, and three adults and four children in the house were sent to the de-tention camp. When White and Davis were removed to the smallpox hospital Raymond Proctor, colored, was taken to the detention camp from Freedmen's Hospital and placed in an isolated ward. Proctor developed the disease, and he was removed

to the hospital. Physician Hurt.

Dr. G. B. Young of 1343 Corcoran street northwest was thrown from his bicycle near 14th and P streets yesterday, his wheel coming in contact with a bakery wagon, owned by C. P. Reckeweg of 630 O street. The doctor was injured about the legs and arms, and his machine was badly

Fraternal Greetings.

Brightwood Tent, No. 5, Knights of the Maccabees, kept open house last evening. Thomas Hall, in Brightwood Park, was crowded when the officers and members of Mt. Vernon Tent arrived. The drill team of Mt. Vernon Tent initiated several candidates, using for the first time the new regalia of Brightwood Tent. After adjournment all repaired to the supper room, where Commanders Worrell of Mt. Vernon Tent and Hartman of Golden Rule, Messrs. Lathan of Buffalo, N. Y., Tent; Betz of National Tent and Clayton of Brightwood Tent made addresses. Messrs. Ayers, Heineke, Schultz, Van Horn, Thomas, Keene and Deggs, all of Brightwood Tent, were in charge.

Electric Light Wires Cause Fire. Electric light wires caused a fire in store No. 904 F street northwest, occupied by Mrs. K. A. Donovan as a millinery store and E. S. Newman, a dealer in type-writers. Policeman Samson turned in an alarm. Soon after the arrival of the fire department the flames were extinguished. Damage to the amount of \$100 was done. ***********

Extends Congratulations.

Mount Pleasant, has written District Commissioner Macfarland, who has immediate charge of the fire department, congratulating him upon having "such efficient men as are connected with No. 11 engine company, Mount Pleasant." At a fire at Mr. Bloss' house last week, he says the mem-

Alleges Desertion.

On the ground of alleged desertion, Rosa

Clarke has petitioned the Supreme Court of the District of Columbia to grant her a divorce from Robert B. Clarke, It is stated that the parties were married in this city

Mr. J. B. Bloss of 1420 Howard avenue.

Bloss' house last week, he says the members of this company "proved themselves men of good judgment, and handled the fire so well that there was but a small loss where there was a large one threatened."

The Commissioner will, it is understood, refer Mr. Bloss' communication to the chief engineer of the department, Mr. Joseph Parris, with directions to transmit a copy of it to the company mentioned.
